

Presentation Outline

This semester we will be examining four major regions of the world that you are also researching. When we begin our discussion about the region of the world that includes your country, you will be asked to give a five (5) minute presentation introducing your country to our class. For your presentation, please include the following items:

Locate your country on a map and three of its neighbor countries.

Identify:

- Form of Government
- Natural resources
- Major industries
- Major problems in the 20th Century
- Economics (prosperity, poverty, or somewhere in between) How? Why?
- The role of your country in its respective region (Africa, Middle East, Asia, Latin America)
