

Landforms Project

Create your own country. Develop a theme, design, draw, and name a country that will illustrate the assigned physiographic features in color. Use crayons, markers, paint – whatever works for you.

All the landforms must be labeled in dark ink.

Use **alliteration** to label each of the physiographic features. (Example: Mike's Mountains, Cotton candy canyon, Mercedes Marsh)

You also must name and appropriately label each of the following:

1. Three towns
2. One city
3. One national capitol
4. An eight point compass
5. The equator or Prime Meridian
6. Five latitude lines
7. Five longitude lines

The maps will be graded on the following **minimum** requirements:

1. Successful inclusion of ALL landforms
2. Use of alliteration
3. Inclusion of all items listed above
4. Neatness
5. Creativity
6. Effort

Physiographic features include:

- | | |
|----------------|--------------------|
| 1. Archipelago | 13. Isthmus |
| 2. Bay | 14. Lake |
| 3. Canal | 15. Mountain |
| 4. Cape | 16. Mountain Range |
| 5. Delta | 17. Ocean |
| 6. Desert | 18. Peninsula |
| 7. Fjord | 19. Plain |
| 8. Glacier | 20. Plateau |
| 9. Gulf | 21. River |
| 10. Harbor | 22. Sea |
| 11. Hill | 23. Strait |
| 12. Island | 24. Tributary |
| | 25. Valley |
