

# Letter of Introduction

You are going to compose a letter of introduction introducing yourself to your new Teacher. This is the first opportunity this person will get to know “the real you.” Assume that your new Teacher knows little to nothing about you...maybe. Reinforce what they know, or set the record straight.

Some things you may want to discuss:

How long have you been at WHS?

What are your overall feelings about this school?

What are some of the best experience you have had at WHS? Worst?

What was the greatest moment in your life? Worst?

What is the best book you have ever read?

What really makes you happy? Sad? Angry?

What are the biggest issues facing teens today? Our country? The world?

What is your family like?

What has life been like for you?

What are you most passionate about? Least?

What do you want to be when you grow up? Why?

What does it feel like when you have done your best?

Do you prefer to win or lose? Why?

What is an important lesson have you learned at WHS and why?

What is your general view on life and the world we live in?

What is one thing you want everyone in the world to know?

If you could change one thing in history or the world what would it be?  
Why?
